

## Guelph-Waterloo Centre for Graduate Work in Chemistry and Biochemistry

### Mark Ingratta - MSED/LANXESS Graduate Thesis Award Winner

The CIC Macromolecular Science and Engineering Division (MSED) sponsors an award that recognizes research excellence by two graduate students working in polymer science and engineering in Canada. This award is co-sponsored by LANXESS Inc. The award has a value of \$1,000, and provides up to \$500 for travel to a Canadian conference for each winner. Mark Ingratta, a recent PhD (GWC)<sup>2</sup> Graduate under the supervision of Professor Jean Duhamel, has been selected for this year's MSED/LANXESS Graduate Thesis Award. The selection of Mark was based on his outstanding research progress and excellent publication record. Congratulations Mark!
