

**Guelph-Waterloo Centre
for Graduate Work in
Chemistry and Biochemistry**

Your Research Interests

Name of Applicant: _____

The interests of the (GWC)² faculty members span the entire spectrum of chemistry and biochemistry. As well, ample opportunities exist for research of an interdisciplinary nature. Please specify your areas of interest below so that we can circulate your file to the appropriate group of faculty. If you are particularly interested in the work of any of the individuals described on the centre's web site, please write their names below.
